DEVELOPMENT ASSOCIATE – STATE INITIATIVES

Position Available
The Food Research & Action Center (FRAC) seeks an experienced professional to lead fundraising efforts for its state-based initiatives, D.C. Hunger Solutions (DCHS) and Maryland Hunger Solutions (MDHS). These separately staffed and budgeted projects advance FRAC’s mission by working in the District of Columbia and Maryland to raise awareness of hunger, build community support for ending hunger and improving nutrition, and make the federal nutrition programs accessible to all those who are in need. Reporting to FRAC’s Director of Development, the Development Associate – State Initiatives will work closely with the Director of Development, the Senior Manager of Foundation Relations, the directors of DCHS and MDHS, FRAC’s President, and other development and program staff to conceptualize and implement successful fundraising strategies for the state initiatives.

Organizational Background
FRAC is the leading national nonprofit organization working to improve and implement effective public policies and public-private partnerships to eradicate hunger and undernutrition in the United States. FRAC engages in research, policy analysis and advocacy, coalition building, outreach, technical assistance and training, and an array of communications strategies.

In 2002, FRAC launched DCHS (housed at FRAC’s Washington, DC headquarters) to combat hunger and improve nutrition in the District of Columbia. In 2007, FRAC launched MDHS (based in Baltimore, Maryland), which has brought these same proven advocacy, public policy, and public education strategies to the fight against hunger in Maryland. (For more information on these state initiatives, visit www.dchunger.org and www.mdhungersolutions.org.)
