

## **Research Intern**

### **Position Available**

Maryland Hunger Solutions, an initiative of the Food Research & Action Center (FRAC), seeks a highly motivated and skilled individual to join Maryland Hunger Solutions as a Research Intern. The intern will work with MDHS staff to protect and improve federal, state and local nutrition programs in the state of Maryland. This internship will be located in Baltimore, Maryland with some travel around the state as required. Currently, FRAC is operating remotely, and this position will be remote as well.

### **Organizational Background**

FRAC works to improve the nutrition, health, and well-being of people struggling against poverty-related hunger in the United States through advocacy, partnerships, and by advancing bold and equitable policy solutions. In partnership with hundreds of national, state, and local nonprofit organizations, public agencies, corporations, and labor organizations, FRAC strives to build a nation in which all people have the nutritious food they need to lead healthy and productive lives.

Formed in 2007, Maryland Hunger Solutions (MDHS) works to reduce hunger and improve nutrition in the State of Maryland by improving participation in public nutrition programs. MDHS's focus is on using federal programs (e.g., food stamps, called the Food Supplement Program in Maryland, school breakfast and lunch, summer and afterschool nutrition programs, WIC and other programs) to reduce hunger and its adverse effects; to improve economic security, health and nutrition; and to strengthen community institutions.

### **Responsibilities**

The intern will work with MDHS and Johns Hopkins University staff on a research project examining the impact of school meal programs in Baltimore City and Montgomery County. Specifically, the project is analyzing the effect of the Community Eligibility Provision, which provides free school meals to all students in 229 schools across the state, including all Baltimore City Public Schools. Examples of work that the Research Intern may complete include: attending school events to survey parents/guardians; collecting and entering data; writing reports; communicating the purpose of the study to school staff, parents, etc.; working with both qualitative and quantitative data; and participation on an

interdisciplinary study team. The Research Intern will also have opportunities to participate in other research projects, outreach efforts and policy advocacy.

### **Skills and Qualifications**

- Minimum of 2 years college education. Graduate student preferred.
- Good oral and written communications skills. Ability to present and speak in public.
- Detail-oriented.
- Strong planning and implementation skills.
- Willingness to work varied hours.
- Good organizational skills.
- Self-starter; ability to work independently.
- Excellent interpersonal skills; team orientation.
- Commitment to social justice; experience with SNAP/food stamp program a plus.
- Experience with the Microsoft Office software, especially Excel.
- Conversant in Spanish, a plus.
- Ability to travel around the state for meetings and events. (Must have own transportation; mileage will be reimbursed.)

### **Benefits**

This internship can either be a paid position, at the rate of \$15/hour, or done to meet course/program requirements for course credit.

### **Start Date**

The start and end dates of the internship are flexible; however, the ideal candidate will be available for a 10-week internship. Interns are expected to work at least 20 - 25 hours per week.
