SUMMARY OF HOW STATE COLLECTED NAMES

FOR ISSUANCE: Maine will issue P- EBT benefits to all school-aged children on the master list we create from free and reduced lunch (FaRL) eligibility data provided by the Department of Education (DOE). Only children enrolled in the final month of school will be eligible for Summer P-EBT benefits.

SUMMARY OF HOW THE STATE IDENTIFIED NEWLY

ELIGIBLE STUDENTS: The DOE will allow applications for FaRL received from July 1 through and August 31, 2021, to determine eligibility for both Summer P-EBT and the 2021–2022 school year FaRL. Although it is preferable to issue benefits during the summer

it will be more accurate and include more children to issue September 27 and 28 with the rest of the eligible children. This will allow all eligible children to participate. Applications received after August 31 will not be used to determine eligibility for Summer P-EBT.

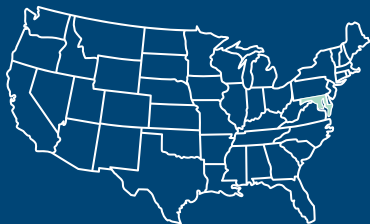

SUMMARY OF HOW STATE COLLECTED NAMES FOR CHILDREN UNDER 6:

Maine will issue the full \$375 Summer P-EBT benefit to all children ages 0–5 in a SNAP household with an open case and who has a monthly benefit that is more than \$0 in June, July, or August. Children must be SNAP-enrolled during the summer period to receive P-EBT child care benefits during the summer.

SUMMARY OF COMMUNICATIONS AND OUTREACH PLAN FOR SUMMER 2021: See School Year Communications and Outreach Summary.

SUMMARY OF DISPUTE RESOLUTION PROCESS: The Office for Family Independence’s call queue staff will handle P-EBT inquiries. There will be a final issuance no later than September 29, 2021, to correct any omissions.

SUMMARY OF HOW STATE COLLECTED NAMES

FOR ISSUANCE: The Maryland Department of Human Services (MD DHS) developed a system for issuing P-EBT benefits to eligible recipients. The system maintains records of current and past P-EBT recipients. School children who are eligible for free or reduced-price school meals under the NSLP and SBP in school year (SY) 20–21 that did not receive P-EBT benefits in the last month of the school year because they attended school in-person and benefitted from a free or reduced-price meal service at school will be added to Summer P-EBT benefits files.

SUMMARY OF HOW THE STATE IDENTIFIED NEWLY ELIGIBLE STUDENTS: The LSSs will follow their normal NSLP application processes and submit data

to Maryland State Department of Education of newly eligible children during the summer of 2021. Data will be shared with MD DHS for retroactive P-EBT benefit processing after the start of the new school year.

SUMMARY OF HOW STATE COLLECTED NAMES FOR

CHILDREN UNDER 6: As of June 15, 2021, the last day of SY 20–21, all SNAP-enrolled children were eligible for P-EBT because they lived in the area of a school that was closed or operating at reduced capacity as result of the COVID-19 pandemic. MD DHS will perform monthly analyses of SNAP administrative records to identify children who are part of a SNAP household who are newly eligible for P-EBT child care benefits during the covered summer period.

SUMMARY OF COMMUNICATIONS AND OUTREACH PLAN FOR SUMMER 2021: See School Year Communications and Outreach Summary.

SUMMARY OF DISPUTE RESOLUTION PROCESS:

Maryland has granted access to the EPPIC System (the eligibility system in Maryland) to select agents who will handle P-EBT calls. The agents have been trained and will receive refresher training on a wide range of customer inquiries including but not limited to benefit amount, eligibility process, perceived case errors, and P-EBT card replacement.

SUMMARY OF HOW STATE COLLECTED NAMES FOR

ISSUANCE: The state will use its "master list," which is a cumulation of all children who have been paid P-EBT at any point, with the exclusion of graduates and any kids who left the state. Any child who remains on the "master list" will be issued Summer P-EBT benefits. The state will request schools submit files with any newly eligible children no later than July 10.

SUMMARY OF HOW THE STATE IDENTIFIED NEWLY

ELIGIBLE STUDENTS: The state will continue with its regular monthly file transmission schedule. For example, schools will submit files of any new children who applied for National School Lunch Program in July by August 10.

SUMMARY OF HOW STATE COLLECTED NAMES FOR

CHILDREN UNDER 6: The state's approved P-EBT plan deems all child care centers statewide to have reduced hours and attendance; therefore, all children 0–5 identified in our BEACON system (the eligibility system in Massachusetts) who are part of an active SNAP household will continue to receive P-EBT through the summer months following the state's current issuance model.

SUMMARY OF COMMUNICATIONS AND OUTREACH

PLAN FOR SUMMER 2021: See School Year Communications and Outreach Summary.

SUMMARY OF DISPUTE RESOLUTION PROCESS:

Department of Transitional Assistance (DTA) line will continue to serve as front-line customer support. To aid field staff in assisting callers, DTA has added a P-EBT page into its BEACON eligibility system to allow field staff to specifically investigate a child's P-EBT eligibility, benefit amount and card issuance status. Additionally, a specific email/inbox was created internally at DTA where field staff may forward issues when they cannot easily be resolved. A dedicated team will monitor this inbox and problem solve issues utilizing the records provided by the school districts.

SUMMARY OF HOW STATE COLLECTED NAMES FOR ISSUANCE: Students in the portal as of end of school year and those that were enrolled in an eligible school the last month of the school year will automatically be eligible for summer benefits.

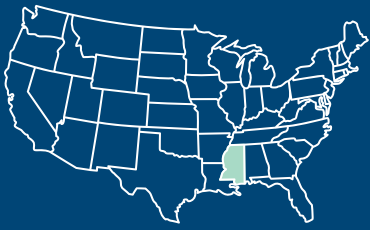

SUMMARY OF HOW THE STATE IDENTIFIED NEWLY ELIGIBLE STUDENTS: Schools were instructed to collect and timestamp applications for educational benefits. Any approved application received between July 1, 2021–September 3, 2021 (the summer months) were made eligible for the \$430 summer 2021 benefit. These newly eligible student records can continue to be submitted to the Minnesota Department of Education (MDE) through the end of the 3.0 program.

SUMMARY OF HOW STATE COLLECTED NAMES FOR CHILDREN UNDER 6: SNAP-enrolled 5 and younger children who received a P-EBT benefit in May/June. Issuance records from the 5 and younger issuance will be used to identify these children. In September, the state will extract a list of students who became eligible during the summer period, June (after the data for the initial issuance was extracted), July, and August, and issue the summer benefit to these children in September.

SUMMARY OF COMMUNICATIONS AND OUTREACH PLAN FOR SUMMER 2021: See School Year Communications and Outreach Summary.

SUMMARY OF DISPUTE RESOLUTION PROCESS: When concerns are brought to the hotline regarding a data dispute, the following options will be deployed: After review of eligibility data and reports through the MDE portal, (A) a connection to specialized MDE P-EBT data specialists will occur to notify and address data discrepancy patterns in the data collected from schools, and/or (B) a connection will be made to the appropriate school P-EBT parent liaison to resolve data discrepancies if the issue is due to a collection of data at the school level, and/or (C) in some cases a benefit adjustment will be made or a determination to maintain the original benefit issuance will occur.

FOR ISSUANCE: The dataset from the Mississippi Department of Education (MDE) contains all children eligible for the National School Lunch Program (NSLP). P-EBT benefits in the school year are based on the prominent learning mode, which could change from month to month.

SUMMARY OF HOW THE STATE IDENTIFIED NEWLY ELIGIBLE STUDENTS: At the request of MDE, each Mississippi School Food Authority will use their

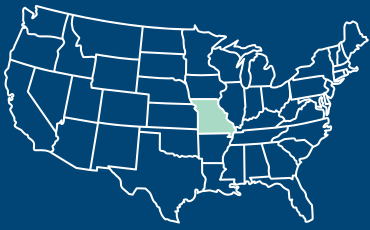

standard NSLP applications for Summer P-EBT benefits and provide information for children who became eligible based on applications received during the summer before schools began their school year.

SUMMARY OF HOW STATE COLLECTED NAMES FOR CHILDREN UNDER 6: N/A

SUMMARY OF COMMUNICATIONS AND OUTREACH PLAN FOR SUMMER 2021: See School Year Communications and Outreach Summary.

SUMMARY OF DISPUTE RESOLUTION PROCESS: The Mississippi Department of Human Services (MDHS) will partner with Conduent to provide a call center for households with P-EBT questions. SUMMARY OF HOW STATE COLLECTED NAMES FOR

ISSUANCE: Missouri Department of Social Services (DSS) will work with the Department of Elementary and Secondary Education (DESE) to obtain a list of children who were on active school roles in May 2021. Schools who haven't already done so will be requested to submit their list of students eligible for National School Lunch Program during the month of May 2021.

SUMMARY OF HOW THE STATE IDENTIFIED NEWLY ELIGIBLE STUDENTS: DSS\DESE has determined that new free/reduced applications for this population

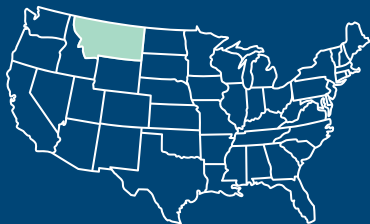

will be accepted over the summer but will not be processed until after the start of the new school year.

SUMMARY OF HOW STATE COLLECTED NAMES FOR CHILDREN UNDER 6: The state will complete a data extract from our integrated eligibility system to identify those children under age 6 and under receiving SNAP benefits during the months of June, July, and August.

SUMMARY OF COMMUNICATIONS AND OUTREACH PLAN FOR SUMMER 2021: See School Year Communications and Outreach Summary.

SUMMARY OF DISPUTE RESOLUTION PROCESS: If the benefits are disputed for any reason, the P-EBT staff will research the concerns. Each case/concern will be handled individually. If determined that the original P-EBT benefits were issued incorrectly or were denied, the staff member will ensure that the child receives the correct amount of P-EBT benefits.

SUMMARY OF HOW THE STATE IDENTIFIED NEWLY

ELIGIBLE STUDENTS: Montana is requesting schools to submit files with any newly eligible children no later than July 26, 2021.

SUMMARY OF HOW STATE COLLECTED NAMES FOR

CHILDREN UNDER 6: Montana will utilize its CHIMES (the eligibility system in Montana) to identify all children ages 0–5 who were eligible for SNAP in one or more of the following months: June and July. Any child eligible for SNAP and who are enrolled in the NSLP-participating school at the end of school year 2020–2021 will be issued Summer P-EBT benefits.

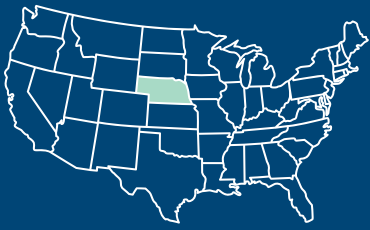

SUMMARY OF COMMUNICATIONS AND OUTREACH

PLAN FOR SUMMER 2021: See School Year Communications and Outreach Summary.

SUMMARY OF DISPUTE RESOLUTION PROCESS:

Montana will have a phone line and email address set up to address any issuance errors. There will be designated staff to research the questions and take appropriate action as needed, based on the client request. SUMMARY OF HOW STATE COLLECTED NAMES FOR ISSUANCE: The Nebraska Department of Education (NDE) will work with each school district to provide a file with their eligible students for the last month of the school year. The portal used by the schools to submit data for the school year has been modified to accept summer data submissions. NDE will provide communication to school districts with instructions on how and when to submit data.

SUMMARY OF HOW THE STATE IDENTIFIED NEWLY ELIGIBLE STUDENTS: Nebraska anticipates applications will be accepted but not processed until August. Once applications are processed, the data

for newly eligible students will be provided to NDE through the secure portal.

SUMMARY OF HOW STATE COLLECTED NAMES FOR CHILDREN UNDER 6: Nebraska will use the SNAP eligibility system, NFOCUS, to determine newly eligible SNAP-enrolled children during our application period of May 31–August 13.

SUMMARY OF COMMUNICATIONS AND OUTREACH PLAN FOR SUMMER 2021: See School Year Communications and Outreach Summary.

SUMMARY OF DISPUTE RESOLUTION PROCESS: Any disputes of eligibility or issuance errors will

be addressed, as they become known. Clients will have multiple avenues to report grievances. Both NDE and the Nebraska Department of Health and Human Services will work with families to ensure understanding of the program and that accurate benefits are issued. NDE will work to ensure all families are treated with dignity and respect while working to resolve all disputes and issuance errors. NDE will have the ability to issue corrections to benefit amounts either at the time of the next regularly scheduled issuance or create a separate issuance as needed.

SUMMARY OF HOW STATE COLLECTED NAMES

FOR ISSUANCE: The data provided by the Nevada Department of Education (NDE) and the Nevada Department of Agriculture (NDA) was validated on August 25, 2021. The National School Lunch Program (NSLP) data received from NDE includes students who graduated at the end of school year (SY) 2020/21, Community Eligibility Provision and Provision schools, direct certification students, foster, migrant, and homeless students. NDA provided reports on the monthly mode of learning for all 640 NSLP school sites.

SUMMARY OF HOW THE STATE IDENTIFIED NEWLY

ELIGIBLE STUDENTS: The state of Nevada received the NSLP validated data on August 25, 2021. The data included newly eligible students for the covered summer period.

SUMMARY OF HOW STATE COLLECTED NAMES

FOR CHILDREN UNDER 6: The Division of Welfare and Supportive Services (DWSS) will utilize the data from the SY 2020/21 P-EBT issuance for the last month of the school year and compare that data with the child-care-age children who received SNAP in the last month of the school year and would have received P-EBT in the last month, but didn't because the school closest to the child's residence was not closed or operating under a hybrid mode of learning.

SUMMARY OF COMMUNICATIONS AND OUTREACH

PLAN FOR SUMMER 2021: See School Year Communications and Outreach Summary.

SUMMARY OF DISPUTE RESOLUTION PROCESS:

Nevada intends to contract with a third party P-EBT call center. Individuals can reach out directly to the P-EBT Call Center to dispute their benefit amount or eligibility for P-EBT benefits. These disputes will be tracked on a tracking sheet and provided to 17 designated P-EBT staff and/or the EBT coordinator for investigation. The disputing household may be asked to provide additional verification if staff are not able to determine if there was an issuance error. Once any necessary documentation is provided and reviewed, staff will reach out to the household to inform them of the final determination.

SUMMARY OF HOW THE STATE IDENTIFIED NEWLY ELIGIBLE STUDENTS:

State of New Hampshire and DHHS will send each FSD an email containing a link to New Hampshire Electronic Application System for

a simple form to complete. The data from both the food service director and beginning of year file will be merged and benefits will be auto-issued. There is no online application process needed to receive Summer P-EBT.

SUMMARY OF HOW STATE COLLECTED NAMES FOR CHILDREN UNDER 6:

New SNAP households with children in child care age 0–6 will be identified through a query in New HEIGHTS (New Hampshire's eligibility system) and auto-issued P-EBT benefits. Existing SNAP households that add an eligible child during the July 1 through August 31 summer period will be auto-issued benefits.

SUMMARY OF COMMUNICATIONS AND OUTREACH PLAN FOR SUMMER 2021:

SUMMARY OF HOW STATE COLLECTED NAMES FOR ISSUANCE: School Food Authorities (SFAs) will submit a master list of all children eligible for free or reduced-price school meals under the National School Lunch Program and School Breakfast Program in school year (SY) 2020–2021 (including those who attended school in-person) to the state's P-EBT online submission portal.

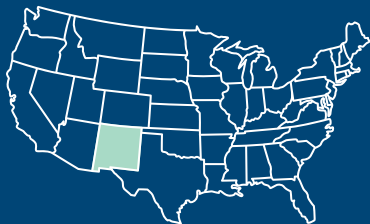

SUMMARY OF HOW THE STATE IDENTIFIED NEWLY ELIGIBLE STUDENTS: SFAs will continue to submit a list to the online portal throughout the summer months for any children determined newly eligible for free or reduced-price school meals.

SUMMARY OF HOW STATE COLLECTED NAMES FOR CHILDREN UNDER 6: The Division of Family Development (DFD) will identify eligible children by querying its eligibility system records ongoing on a monthly basis for all children under the age of 6 in a SNAP household for the prior month. DFD will run the same process in the following month. By following this monthly caseload query process, DFD will be able to identify SNAP-enrolled children who did not receive P-EBT child care benefits in the last month of the school year and newly eligible children in a SNAP household.

SUMMARY OF HOW STATE COLLECTED NAMES

FOR ISSUANCE: The New Mexico Public Education Department (NMPED) has reporting period that is called the End of Year (EOY) Snapshot where all districts or schools report their data as of the last day of school. In this reporting period the districts and schools report all free and reduced students that qualify as of the last reporting date of the year. This is inclusive of all applications submitted new by the school or district until the last day of school.

SUMMARY OF HOW THE STATE IDENTIFIED NEWLY

ELIGIBLE STUDENTS: The School Food Authorities' will submit a student file to the PED of the students that were certified free and reduced prior to the end of summer.

SUMMARY OF HOW STATE COLLECTED NAMES

FOR CHILDREN UNDER 6: The state utilizes data provided by the NMPED as well as data provided by the New Mexico Early Childhood Education and Care Department and compares to the children's SNAP eligibility to determine the child's eligibility for the childcare P-EBT benefit. To ensure that all children under age 6 receive the childcare P-EBT benefit that are eligible, the state will determine total SNAP population of children under age 6 that became eligible for SNAP at any time during the summer period; if they are under age 6 and added any time during the months of June, July, or August 2021, they will receive the childcare P-EBT benefit

SUMMARY OF COMMUNICATIONS AND OUTREACH

PLAN FOR SUMMER 2021: See School Year Communications and Outreach Summary.

SUMMARY OF DISPUTE RESOLUTION PROCESS:

The P-EBT manager along with managers from the Policy and Program Development Bureau work in collaboration to resolve disputes and/or issuance errors. When necessary the New Mexico Human Services Department works with appropriate school food director to validate information that is disputed by the client.

DATE TO START ISSUING BENEFITS: August 1, 2021

NEW YORK P-EBT REPORT

School Year 2020–2021

WHO CARDS WERE ISSUED TO:

For non-SNAP and New York State (NYS) Medicaid households, P-EBT cards are issued in the eligible child's name. For SNAP households, benefits are issued to their household's EBT card. Eligible children who are currently enrolled in Medicaid, and successfully accessed and redeemed their P-EBT food benefits for the 2019–20 school year on a NYS Medicaid card, receive their P-EBT food benefits for the 2020–21 school year on the same card.

SUMMARY OF HOW STATE COLLECTED NAMES FOR

ISSUANCE: The P-EBT payment files from the 2020–2021 school year will serve as the basis for identifying all school-aged children eligible for the summer P-EBT benefits. Only children eligible for free/reduced-price meals and enrolled in school during the last month of their school's 2020–21 school year are eligible for the summer P-EBT benefit.

SUMMARY OF HOW THE STATE IDENTIFIED NEWLY

ELIGIBLE STUDENTS: A final transfer of data from the Regional Information Centers occurred in September 2021 containing the students determined eligible for free

or reduced-price school meals through income eligibility applications submitted prior to the end of the summer.

SUMMARY OF HOW STATE COLLECTED NAMES FOR

CHILDREN UNDER 6: All children aged 5 and under who received SNAP are presumed to have been affected by the decimation of child care availability. All children aged 5 and under, who received SNAP for the month of June 2021, will be presumed eligible for the summer P-EBT benefit.

SUMMARY OF COMMUNICATIONS AND OUTREACH

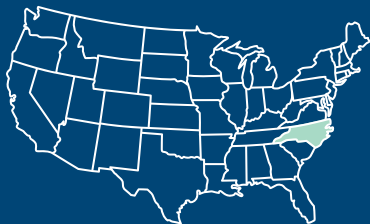

PLAN FOR SUMMER 2021: Press release, social media

SUMMARY OF HOW STATE COLLECTED NAMES FOR ISSUANCE: To identify eligible school children, North Carolina will use data provided by the Public School Units (PSU) and non-PSUs directly. The Department of Public Instruction (DPI) will instruct PSUs and non-PSUs to provide them with a list of all students that were both eligible for free or reduced-price meals and enrolled during the last month (May) of the school year (SY) 20-21 but did not receive due to attending in-person classes.

SUMMARY OF HOW THE STATE IDENTIFIED NEWLY ELIGIBLE STUDENTS: North Carolina will use data provided by the PSUs and non-PSUs directly. DPI will instruct PSUs and non-PSUs to provide them with a list of all students that were determined eligible for free or reduced-price meals during the 90-day covered summer

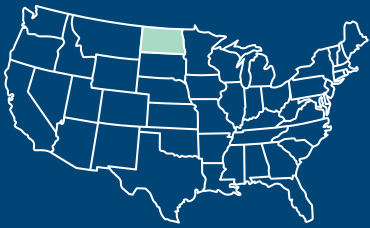

period. Households wishing to apply for NSLP must submit an application by August 31, 2021. DPI will process all NSLP 5 applications received up to August 31, 2021.

SUMMARY OF HOW STATE COLLECTED NAMES FOR CHILDREN UNDER 6: North Carolina will identify all children less than 6 years of age that are part of a household that received North Carolina Food and Nutrition Services (NCFNS) during the benefit months of June, July, and August. This list will be matched with the list of children that have already received P-EBT for the covered summer period.

SUMMARY OF COMMUNICATIONS AND OUTREACH PLAN FOR SUMMER 2021: See School Year Communications and Outreach Summary.

SUMMARY OF DISPUTE RESOLUTION PROCESS: e-holds regardless of primary language, lack of permanent address or access to technology. North Carolina Department of Health and Human Services' (NC DHHS) EBT Call Center Line will continue to serve as front-line customer support. To aid field staff in assisting callers, staff has access to EBTedge to allow field staff to specifically investigate a child's P-EBT eligibility, benefit amount, and card issuance status. Additionally, a specific email/inbox exists internally at NC DHHS where counties and state field staff may forward issues when they cannot easily be resolved.

SUMMARY OF HOW STATE COLLECTED NAMES

FOR ISSUANCE: Ohio Department of Education (ODE) will provide Management Council with a file of all participating schools and school districts in the NSLP, including Community Eligibility Provision or Provision 2 status for buildings and districts, as well as any newly qualified or participating schools or school districts. Management Council will coordinate all activities with ODE and the Ohio Department of Job and Family Services (ODJFS), including file transfers, data collections, verification of National School Lunch Program (NSLP) participating schools, and data transfers. Management Council will securely deliver to ODJFS data files via secure file transfer. Then ODJFS will transfer the data file to the EBT vendor for card and benefit issuance.

SUMMARY OF HOW THE STATE IDENTIFIED NEWLY

ELIGIBLE STUDENTS: Schools will be directed to collect NSLP applications throughout the summer

until July 31, 2021. The applications will have to be processed and eligibility determined with the data submitted to 5 Management Council between August 9–September 9, 2021.

SUMMARY OF HOW STATE COLLECTED NAMES

FOR CHILDREN UNDER 6: ODJFS will create a file that includes the entire population of SNAP children under the age of 6 and send the file to Management Council. Management Council will then compare the SNAP children to its list of students eligible for summer P-EBT based on NSLP eligibility. Children who are not on the NSLP school student list will be included on a file sent to the EBT vendor for summer P-EBT benefits to be added to their current SNAP account. In mid-September, children under the age of 6 who became eligible for SNAP, between June 1–July 31, 2021, will be sent to Management Council and compared to their list of NSLP eligible students.

SUMMARY OF COMMUNICATIONS AND OUTREACH PLAN FOR SUMMER 2021: See School Year Communications and Outreach Summary.

SUMMARY OF DISPUTE RESOLUTION PROCESS:

The Management Council is best situated to research benefit issues and make contact with the schools; therefore, it will be responsible for handling all of the phone support for schools and parents regarding P-EBT benefits, including benefit disputes and issuance errors. The Management Council will provide, host, and manage the Service Desk software that will track each customer contact and student query being handled by the Management Council Service Desk. The Management Council will provide JFS and ODE service desk reports reflecting activity and performance.

SUMMARY OF HOW STATE COLLECTED NAMES FOR ISSUANCE: Oklahoma Department of Human Services (DHS) will issue benefits based upon the May 2021 eligible child file as provided by the State Department of Education (SDE). FNS has made the simplified assumption that graduating seniors will be eligible to receive Summer P-EBT, and therefore, will be included in the benefit.

SUMMARY OF HOW THE STATE IDENTIFIED NEWLY ELIGIBLE STUDENTS: DHS will ask SDE to report children that were enrolled during the 20–21 school year that became newly eligible for the National School Lunch Program over the summer.

SUMMARY OF HOW STATE COLLECTED NAMES FOR CHILDREN UNDER 6: Oklahoma will use the child care data file for May 2021 to issue Summer P-EBT benefits. All children in that data file under the age of 6 will be included in the Summer P-EBT benefit issuance, even if they resided in a county where no children were eligible for P-EBT benefits in May 2021, the last month of the school year.

SUMMARY OF COMMUNICATIONS AND OUTREACH PLAN FOR SUMMER 2021: See School Year Communications and Outreach Summary.

SUMMARY OF DISPUTE RESOLUTION PROCESS:

Eligibility questions as well as the benefit amounts (based on the number of virtual instruction days per month) will be addressed by the local school districts. Card issuance and benefits transmission issues will be handled by DHS. There will be an email box set up for schools to contact DHS if they are showing that they have the correct data for a child entered into reduced-price and that the benefits were not issued. Said email box will be monitored by the DHS SNAP unit at state office.

SUMMARY OF HOW STATE COLLECTED NAMES

FOR ISSUANCE: Oregon utilized the biannual student Accountability Details Medium (ADM) report as the primary source for student enrollment statewide. The date of collection for the file provided via secure file transfer was June 25, 2021. The ADM file reported the district and school the child was enrolled in as well as other required household information. The information was validated and uploaded into an integrated eligibility solution that maintained student eligibility at a school level. Due to the connection between the state eligibility and P-EBT databases direct certification eligibility for matched children was able to happen on a daily basis, accurately conferring eligibility for P-EBT.

SUMMARY OF HOW THE STATE IDENTIFIED NEWLY

ELIGIBLE STUDENTS: Oregon identified newly eligible children in multiple ways. Direct certification from

Temporary Assistance for Needy Families (cash) or SNAP was automated as a monthly batch that would indicate the child as newly eligible due to conferred eligibility. School points of contact could update free and reduced meals eligibility for enrolled students or add new students through a secure portal into the database that maintains P-EBT eligibility. The Summer P-EBT plan period was additionally supported through an online application.

SUMMARY OF HOW STATE COLLECTED NAMES

FOR CHILDREN UNDER 6: Oregon leveraged the interconnectivity between systems to automate a monthly batch which reviewed SNAP cases for eligible children under 6.

SUMMARY OF COMMUNICATIONS AND OUTREACH

PLAN FOR SUMMER 2021: Oregon created public communications distributed through local media, community

partners, social media and school districts, which included information on the Summer Pandemic EBT program as well as how a family could apply using the Summer P-EBT application. Information was updated to both the ODHS and ODE websites as well as community partner websites. An informational hotline operated through 211info (503-945-6481) assisted families with general questions and provided case escalations directly to ODHS.

SUMMARY OF DISPUTE RESOLUTION PROCESS:

ODHS provided case support through a dedicated P-EBT email box (EBTschooleals@dhsosha.state.or.us) and responded directly to families who were escalated from the 211info P-EBT hotline. ODHS worked closely with ODE and school districts to resolve P-EBT eligibility for students.

SUMMARY OF HOW STATE COLLECTED NAMES

FOR ISSUANCE: Pennsylvania will use the same input list referenced in sub-bullet point “a” to identify all children listed as free or reduced that were still enrolled at some point in May 2021.

SUMMARY OF HOW THE STATE IDENTIFIED NEWLY

ELIGIBLE STUDENTS: A new data collection of children who were enrolled during the 2020–2021 school year and became eligible for free or reduced-priced meals after the school submitted its final data collection file for the 2020–2021 school year. P-EBT will be completed during the first three weeks of September with a submission due date of September 24, 2021.

SUMMARY OF HOW STATE COLLECTED NAMES FOR

CHILDREN UNDER 6: Pennsylvania retains the list of eligible children pulled from its Data Warehouse for P-EBT. Pennsylvania will use this list to identify any eligible children, age 5 and younger, that were still an eligible member in a SNAP case during May 2021. In September, Pennsylvania will pull a new list of children, age 5 and younger, that were eligible for SNAP benefits during June, July, or August 2021.

SUMMARY OF COMMUNICATIONS AND OUTREACH

PLAN FOR SUMMER 2021: See School Year Communications and Outreach Summary.

SUMMARY OF DISPUTE RESOLUTION PROCESS:

The Department of Human Services (DHS) will utilize a contact center comprised of DHS staff that will triage all voicemails received. The contact center will respond to basic inquiries. Anything they are unable to address will be entered into a WebEOC database launched by the Pennsylvania Emergency Management Agency in response to the original P-EBT issuances for the 2019–20 school year. DHS staff will be responsible for reviewing, resolving, and responding to all inquiries in the WebEOC database. Intermediate Unit 16 will research inquiries that arise and will contact schools as necessary to resolve questions related to submitted data.

SUMMARIES

SUMMARY OF HOW STATE COLLECTED NAMES

FOR ISSUANCE: Texas Health and Human Services Commission (HHSC) will utilize school year 2020–2021 data files received from Texas Department of Agriculture and Texas Education Agency (TEA). Because schools reported the virtual attendance percentage (VAP) per month and National School Lunch Program (NSLP) eligibility for the school year, HHSC will be able to identify NSLP eligible children regardless of their VAP in the last month of school.

SUMMARY OF HOW THE STATE IDENTIFIED NEWLY ELIGIBLE STUDENTS:

An online portal has been developed to allow school districts to directly upload data for the newly eligible population. Schools must process the student eligibility applications received

between June 1 and August 28, 2021, and upload data to HHSC by September 30, 2021. This includes students attending newly eligible Community Eligibility Provision and Provision 2 campus in school year 2021–2022 that complete the household application or TEA socioeconomic application and are income eligible.

SUMMARY OF HOW STATE COLLECTED NAMES

FOR CHILDREN UNDER 6: HHSC will verify child care eligibility using a data extract for our eligibility system to identify eligible children receiving SNAP benefits from the beginning to the end of the covered summer period.

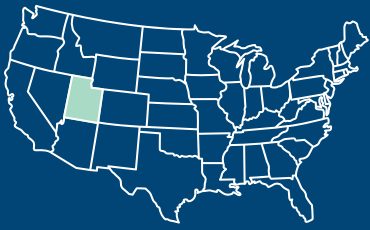

SUMMARY OF COMMUNICATIONS AND OUTREACH PLAN FOR SUMMER 2021:

See School Year Communications and Outreach Summary.

SUMMARY OF DISPUTE RESOLUTION PROCESS:

If a parent receives a letter of denial for P-EBT for the child or the parent is not in agreement with the P-EBT amount received for an approved child based on the actual attendance mode, the parent will have the opportunity to initiate a review process through a link that can be accessed through YourTexasBenefits.com or by calling the 2-1-1 P-EBT hotline. HHSC staff will be available to conduct inquiry and address these on a case by case basis.

SUMMARY OF HOW STATE COLLECTED NAMES

FOR ISSUANCE: The Vermont Agency of Education (AOE) will instruct schools to submit their list of eligible students during the month of June 2021. The reporting will be completed via the process established in the approved P-EBT school-age state plan.

SUMMARY OF HOW THE STATE IDENTIFIED NEWLY

ELIGIBLE STUDENTS: Information will be reported to AOE and the Department for Children and Families Economic Services Division (ESD) for purposes of Summer P-EBT eligibility no later than August 27, 2021.

SUMMARY OF HOW STATE COLLECTED NAMES

FOR CHILDREN UNDER 6: Vermont will complete a data extract from its eligibility system to identify those children under age 6 and receiving SNAP benefits in July or August. The entirety of this population is deemed enrolled in a covered childcare facility and will receive the full summer P-EBT benefit.

SUMMARY OF COMMUNICATIONS AND OUTREACH PLAN FOR SUMMER 2021: See School Year Communications and Outreach Summary.

SUMMARY OF DISPUTE RESOLUTION PROCESS: ESD has a benefit service call center, which will have its own dedicated P-EBT option. ESD will also have a database of eligibility information, reported to ESD by school districts, which ESD P-EBT staff can access to allow staff to specifically investigate a child's P-EBT eligibility, benefit amount, and card issuance status. Additionally, inquiries from ESD P-EBT staff may be sent to a specific email inbox for further review and resolution.

SUMMARY OF HOW STATE COLLECTED NAMES FOR ISSUANCE:

Virginia Department of Social Services (VDSS) is working in collaboration with Virginia Department of Education (VDOE) to ensure that the last 2020–2021 data collection scheduled to be submitted to VDSS on July 12 contains all pertinent information to identify all school-age children eligible for summer P-EBT.

SUMMARY OF HOW THE STATE IDENTIFIED NEWLY ELIGIBLE STUDENTS:

Any newly eligible students after June 30, and before the first day of the new school year or July 31, whichever is earlier, will be submitted by LEAs to VDSS in a Summer P-EBT

missed students file. The missed students file will be due by August 31, for processing on September 12.

SUMMARY OF HOW STATE COLLECTED NAMES

FOR CHILDREN UNDER 6: VDSS intends to use the last data file for the 2020–2021 issuance for children in child care to identify children eligible to receive summer P-EBT. VDSS' case management vendor, Deloitte, will facilitate the process of converting this population to summer P-EBT to ensure that they receive the increased benefit the following month. Additionally, the vendor is instructed to identify newly eligible children that may have been added to SNAP households through birth or addition to family units.

SUMMARY OF COMMUNICATIONS AND OUTREACH PLAN FOR SUMMER 2021: See School Year Communications and Outreach Summary.

SUMMARY OF DISPUTE RESOLUTION PROCESS:

The vendor will be responsible for standing up a dedicated P-EBT hotline to provide customer service to participants to resolve concerns included but not limited to answering general questions, address verification/error correction, collecting missing or updated information and data matching/validation.

West Virginia Department of Education's (WVDE) PrimeroEdge captures student eligibility information based on individual student status, or enrollment in a Community Eligibility Provision school. PrimeroEdge captures free/reduced status in real time for all students participating in the National School Lunch Program.

SUMMARY OF HOW THE STATE IDENTIFIED NEWLY ELIGIBLE STUDENTS:

In the partial and non-CEP counties in West Virginia, targeted messages to non-CEP schools will be crafted from the State Agency for School Food Authorities (SFAs) to use to alert families of the opportunity to apply for free/reduce-priced

school meals. West Virginia will allow newly eligible students to establish eligibility for free or reduced-prices meals until the end of the covered summer period throughout the various iterations of P-EBT.

SUMMARY OF HOW STATE COLLECTED NAMES FOR CHILDREN UNDER 6:

West Virginia will pull updated SNAP enrollment data that includes all children under the age of 6 and enrolled in SNAP on May 15, 2021. West Virginia will complete a final catchup at the end of the covered summer period, tentatively scheduled for September 18, 2021. This data pull will capture any child in a SNAP household under 6 who has become newly eligible during summer.

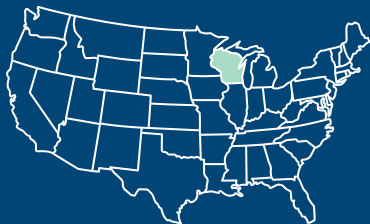

SUMMARY OF COMMUNICATIONS AND OUTREACH PLAN FOR SUMMER 2021:

See School Year Communications and Outreach Summary.

SUMMARY OF DISPUTE RESOLUTION PROCESS:

WVDE has a dedicated P-EBT email address (wvpebt@k12.wv.us). The address is monitored by several staff members. Automatic response messages are provided with important information and updated regularly. Emails are monitored and timely responses are given to those who submit email questions, inquiries, or disputes.

SUMMARIES

SUMMARY OF HOW STATE COLLECTED NAMES FOR ISSUANCE: The Department of Health Services (DHS) had Deloitte pull a dataset that included all school children who received a non-zero P-EBT sum in any month of the 2020–2021 school year (August 2020 through June 2021). In conjunction with the Department of Public Instruction and Department of Children and Families, the state also obtained access to datasets that included any school children who were enrolled in the free or reduced-price school meal program in May 2021 or June 2021 (the final month of the school year, varies from school to school) but who were not issued any P-EBT benefits for the 2020–2021 school year.

SUMMARY OF HOW THE STATE IDENTIFIED NEWLY ELIGIBLE STUDENTS: Applications for free/reduced-price school meals continued to be accepted over the summer months. For any school children or non-school children in child care not captured in the late August issuance (due, for example, to applying for the free/reduced-price meal program

during the summer months), we offered a second issuance of the full summer benefit in late October. For those free/reduced-price meal applications received by September 1, 2021, if approved by school staff once the 2021–2022 school year began, these children would be eligible to receive the full summer P-EBT benefit amount as part of the second, late October issuance round. Children who are part of an application received after September 1, 2021, were not eligible for any summer P-EBT benefits, regardless of whether their application was ultimately approved.

SUMMARY OF HOW STATE COLLECTED NAMES FOR CHILDREN UNDER 6: As with our plan for identifying all school children eligible for the summer P-EBT benefit, DHS had Deloitte pull a dataset that included all non-school children in child care who received a non-zero P-EBT sum in any month of the 2020–2021 school year (October 2020 through June 2021). Per U.S. Food and Nutrition Services guidance, this dataset was then filtered to only include the

children who were part of a household that received SNAP benefits in at least one of the summer months (June, July, and August). This list served as the state’s “non-school children in child care source of truth” — the list of all known non-school children in child care who are eligible to receive the full summer P-EBT benefit.

SUMMARY OF COMMUNICATIONS AND OUTREACH PLAN FOR SUMMER 2021: Social media and website posts, letters, brochures, and informational bulletins.

SUMMARY OF DISPUTE RESOLUTION PROCESS: DHS created a specific unit to support case management and problem resolution for P-EBT operations. This group supported customer service including a hotline and dedicated email box, coordination with schools, fair hearings and other day to day management of P-EBT operations.

SUMMARY OF HOW STATE COLLECTED NAMES FOR ISSUANCE: The Department of Family Services plans to issue P-EBT benefits to eligible students based on student level data available in WDE-684, which includes all students eligible for free and reduced-price (F/RP) meals.

SUMMARY OF HOW THE STATE IDENTIFIED NEWLY ELIGIBLE STUDENTS: Wyoming Department of Education (WDE) will request a list of students who applied for F/RP meals during the summer months

from individual schools. This is a manual process that will take time so benefits will not be available until November.

SUMMARY OF HOW STATE COLLECTED NAMES FOR CHILDREN UNDER 6: DFS will query its SNAP eligibility system to identify children under the age of 6 who received SNAP in June, July, and/or August.

SUMMARY OF COMMUNICATIONS AND OUTREACH PLAN FOR SUMMER 2021: See School Year Communications and Outreach Summary.

SUMMARY OF DISPUTE RESOLUTION PROCESS:

To serve families who believe they should have been issued a P-EBT benefit for the 2020–2021 school year, or issued a different P-EBT amount, Wyoming will use a dedicated number for a P-EBT hotline (307-777-6082), manned by state employees who have access to the EBT system and can assist with student-specific concerns.
