

### In Delaware

- SNAP reaches 68,878 households with 141,986 individuals in an average month (FY 2016).<sup>1</sup>
- SNAP helps 1 in 8 households in metro areas afford healthy, nutritious meals.<sup>2</sup>

#### Percent of households participating in SNAP<sup>3</sup>

<sup>1</sup>USDA, Characteristics of Supplemental Nutrition Assistance Program Households: Fiscal Year 2016.

<sup>2</sup>For the purpose of this analysis, “**Metro Areas**” are metropolitan statistical areas as delineated by the Office of Management and Budget (OMB), each of which contains at least one Census Bureau-delineated urbanized area of 50,000 or more people. Delaware is an entirely metro area.

<sup>3</sup> American Community Survey 2016 five-year estimates (2012-2016).

- More than 80% of SNAP families had at least one working member in the past 12 months.
- A very small number of SNAP households (6% or 4,000) participate in TANF, making SNAP a critical safety net for families with children.
- Nearly half of all SNAP households included children.
