

## In Utah

- SNAP reaches 84,442 households with 214,937 individuals in an average month (FY 2016).<sup>1</sup>
- SNAP helps 1 in 10 rural households and 1 in 13 small town and metro area households afford healthy, nutritious meals.<sup>2</sup>

<sup>1</sup>USDA, Characteristics of Supplemental Nutrition Assistance Program Households: Fiscal Year 2016.

<sup>2</sup>For the purpose of this analysis, “**Metro Areas**” are metropolitan statistical areas as delineated by the Office of Management and Budget (OMB), each of which contains at least one Census Bureau-delineated urbanized area of 50,000 or more people; “**Small Towns**” are micropolitan statistical areas as delineated by OMB, each containing at least one Census Bureau-delineated urban cluster of between 10,000 and 50,000 people; and “**Rural Areas**” are non-metropolitan and non-micropolitan areas.

<sup>3</sup>American Community Survey 2016 five-year estimates (2012-2016).

- More than 85% of SNAP families had at least one working adult in the past 12 months.
- A very small number of SNAP households (4% or 4,000) participate in TANF, making SNAP a critical safety net for families with children.
- More than half of all SNAP households included children.

Source for working families data: American Community Survey 2016 five-year estimates (2012-2016).

Source for TANF and children data: USDA, Characteristics of Supplemental Nutrition Assistance Program Households: Fiscal Year 2016.

<sup>4</sup>Based on the Census Bureau definition, **family** consists of a householder and one or more other people living in the same household who are related to the householder by birth, marriage, or adoption.
